The customer who demands **SPECTA CASE** is one who expects to make a fashion statement that will identify personal style and characteristics, whose tastes in eye glasses as well as sun glasses, whose wallet and key case etc.

SPECTA CASE

Life Time Guaranteed

Processo Plast's entire gamut of products range from the cool and jazzy to designs that echo pizzazz and panache. From the great outdoor style to the conservative elegance of the aristocratic echelon. Four times a year Processo Plast introduces new designs, colours & shapes to present wide choices.

That is why when you think of a spectacle case the one brand that rushes to mind is **SPECTA CASE**. This is because the only way to make a product that translates to being a sustained brand is attention to detail during the manufacturing process.

A brand hits off with customers [so that it is recommended again and again] only when the manufacturers design and cater to the pulse of the various buyer segments. The main feature is the inner lining of shock-absorbent foam that resist impact. The delicate spectacles nestle safely within the confines of a clean and cosy interior the **SPECTA CASE**.

The varied product range is categorized to fulfill customer needs and tastes.
